Winter Series Round 2 Results

We had 115 riders out today and overall, for a first-time timer, first time out in a while, 20 categories, and a birthday to celebrate - it was a great success!

There are a couple of results changes from those announced on the day, but I think these are understandable........ and a result of a glitch with the first-time timer skill set!

The final, fully checked, verified, category results are:
